**4th International Conference on Primary Care and Public Healthcare (Primary Care 2026)**

**Date:** May 07–08, 2026 | **Venue:** AC Hotel by Marriott Kuala Lumpur, Malaysia

The 4th International Conference on Primary Care and Public Healthcare (Primary Care 2026) is a premier event in the field of primary care and public health, bringing together global experts to discuss advancements, innovations, and best practices in healthcare delivery and population health.

**Theme:** Bridging Research and Practice in Primary Care and Public Health

The conference will cover a wide range of topics including:

- Innovations in primary care delivery and healthcare management
- Public health policies, programs, and preventive strategies
- Epidemiology, disease surveillance, and health data analytics
- Community health, health promotion, and patient-centered care
- Global health challenges, sustainability, and healthcare equity
- Digital health, telemedicine, and healthcare technologies

Primary Care 2026 will feature plenary and keynote sessions, invited talks, panel discussions, poster presentations, and workshops, providing an excellent platform for knowledge exchange, networking, and collaboration. The event will bring together healthcare professionals, researchers, academicians, policymakers, and students from around the world.

The conference also offers opportunities for professional networking, fostering collaborations between academia and practice, and encouraging innovative solutions to improve health outcomes and public healthcare systems globally.
